About the Asia Pacific Medical Technology Association

Founded in 2014, the Asia Pacific Medical Technology Association (APACMed 亚太医疗技术协会) is the first and only regional association to provide a unified voice for the medical technology industry in Asia Pacific. APACMed works proactively with bilateral, regional and local government bodies to shape policies, demonstrate the value of innovation and promote regulatory harmonisation. APACMed engages with medical device associations and companies in Asia Pacific to jointly advance regional issues, code of ethics and share best practices. Learn more about the association at www.apacmed.org
